THE ELIZABETHAN II STUDY GROUP NEWSLETTER

Under auspices of BNAPS - *The Society for Canadian Philately*

Volume II, Number 5

Whole Number - 11

Copies Mailed 102

The past two months have provided a number of fun events as well as significant happenings. Perhaps the most significant is our membership has now reached the century mark and 102 copies of this issue are being distributed. Previously unreported new members are:

H. Ross Christian
2034 Woodglen Crescent
Glouster, Ontario
Canada K1J 6G4

Collects:

Entire Elizabethan II Period

Michael S. Allen
79 Leisure Bay
Winnipeg, MB
Canada R2Y 0W9

Collects:

Entire Elizabethan II Period.

Also ink jet & phosphor cancels

Mary Joan F. Dean
43 Albany Ave.
Dunkirk, N. Y.
14048

We attended the BNAPS Pacific Northwest Regional Group meeting in Vancouver, B. C. on March 26 and the Calgary Regional Group meeting on April 23 as well as the Calgary Philatelic Society one day bourse and One Frame Challenge exhibition on Sunday, April 24. For the Calgary BNAPS meeting I presented my one frame John McCrae exhibit and also a selection of slides covering postal rates in effect during the period of the Landscape definitive issues.

This issue features a number of items I acquired in this past couple of months. I did this not only as I believe you will find them of interest but, more importantly, to illustrate the ease of presenting your own findings by merely providing a photocopy and a short write up.

ANNUAL DUES: US and Canadian addresses US \$9.00. Canadian addresses option of CAN \$12.50. All others US \$15.00. Please make checks payable to "The Elizabethan II Study Group" and send to John D. Arn, Editor at the above address.

ELIZABETHAN MARKET REPORT

by: Dean Mario

There was strong competition (over 500 floor and mail bidders) in Ian Kimmerly's public auctions held on Jan. 26 and Jan. 29, 1994. The three-part auction had modern material well represented and collectors had a good opportunity to add to their collections.

The first section, subject to 60% reserves of the stated estimate, contained many fine varieties and errors. Lot 198, a 1975 8¢ Christmas NH pair with black double printed, sold for \$160 against a \$150 estimate (prices do not include the 10% buyer's premium). Another Christmas issue, the 1979 35¢ Doll NH with missing gold inscription (lot 202), went to a happy bidder for \$625 (\$750 estimate). Previous 1993 prices for this stamp were \$575 and \$625. Lot 205 was a vertical NH strip of four of the 1990 39¢ Flag imperf coil estimated at \$250. It sold for \$150. Another imperf was lot 207, a NH pair of the 1990 30¢ Folklore issue (Sasquatch and Werewolf), which sold against an estimate of \$750 for \$450.

The second part of the auction was unreserved and it too had several good items. Some interesting 1963 Cameo definitives were offered in lots 524-526. A nice 1¢ stamp with a pre-printing fold sold for \$24 (estimated at \$25), a misperfed 2¢ and 3¢ (both estimated at \$20) sold for \$16 and \$50 respectively. Lot 541 contained a VF NH 1970 6¢ Christmas tagged block of four estimated at \$100. It sold for \$90. The 1974 8¢ Indian Chief and Thunderbird NH pair with "missing bird" variety (Lot 543) sold for \$140, \$15 over estimate. Coil "double perfs" were very popular and some sold above estimate. Lot 565, a NH 1982 30¢ Maple Leaf pair, went to a new home for \$105 (\$40 estimate). Lot 567 featured a NH 1983 32¢ Maple Leaf pair and it sold for \$95 (\$40 estimate). The 1988 37¢ Parliament pair in lot 572 was estimated at \$50 and it sold for \$105. Obviously two determined bidders wanted these desirable items.

Perhaps one of the most desired modern-day errors was offered in lot 682. It contained a 42¢ 1992 Space Hologram stamp with missing hologram used on cover. Stated by the auctioneers to be "the first recorded used error", the stamp did have a small scuff in the bottom margin. Estimated at \$750, the cover sold to a lucky new owner for only \$675. Only time will tell if further used copies will eventually surface: watch the stamps on your mail and those in bulk mixtures!

The Third unreserved auction contained many large lots, collections and wholesale offerings. Lot 1301 consisted of a large mint sheet file from the 8¢ to 39¢ era. Face value of the complete sheets was \$638 and its estimate was \$500. It sold for \$550. A large collection of plate blocks in glassines from 1967-1985 (lot 1304), mostly in F-VF NH matched sets contained \$1,116 in face value. It sold \$100 over the estimate at \$950. Another plate block collection (lot 1306) was comprised of NH matched sets from 30¢ to 39¢ era (face value \$1,109) and it also sold for \$950.

(\$800 estimate). Lot 1308 consisted of 1977-1990 NH Canada Post Annual Collections with a stated catalogue value of \$572. It sold very close to its \$200 estimate at \$180. Ian Kimmerly Auctions are at 110 Sparks St., Ottawa, Ontario, K1P 5B6.

****There has been some debate as to the method of reporting auction prices. Some argue that buyer's premiums (if any) should be added to the reported selling prices of material because that, in fact, is the actual selling and final amount one has to pay (along with the additional postage/handling charges etc.). Others feel that the 10% (usually) fee is a sort of added-on-tax and really doesn't reflect upon the actual "hammer price". How do members feel about it? Would you rather see reported realizations with or without the buyer's premium included? Please drop me a note on this or any other comment you may have on this column. Thank you.****

R. Maresch and Son's public auction sales held on January 12-13, 1994 did not have many items in the Elizabethan era but what they did contain was still beneficial to collectors of this material.

Lot 562 contained a NH selection of blank plates, blocks and a single of the 1972 Polar Bears "Slamese" variety and was estimated at \$100+. It sold for \$88 (prices include the 10% buyer's premium). A part imperforate strip of six (with two complete imperf pairs) of the 1974 8¢ Caricature Queen coil in mint NH condition (lot 563) sold for \$148.50 against an estimated value of \$200+. Lot 564 was a mint imperf NH pair of the 10¢ Caricature coil which sold for \$71.50 (estimated at \$100+).

Another imperf variety was offered in lot 565, the 1973 15¢ R.C.M.P. Musical Ride pair with full original gum, no wrinkles, and NH. Estimated at \$500, the pair fetched \$385. Perhaps the scarcest Elizabethan item was lot 566, a mint NH copy of the 1978 14¢ "White Queen" error with red omitted. With a stated catalogue value of \$2000, the stamp sold for a fair \$770. This stamp has previously sold for \$825 (with gum adhesion) and \$935 (both prices quoted with buyer's premium included). The firm's April 13-14 sale looks like another good one and is complete with some scarce imperforate varieties, rare proofs, and unusual 1958 essays. Contact the firm at 330 Bay Street, Suite 703, Toronto, Ontario, M5H 2S8 or phone (416) 363 - 7777 / fax (416) 363 - 6511.

SECTION II - KARSH, WILDING & CAMEO ISSUES

Another interesting Karsh cover surfaced. It is franked with the 2¢ and 3¢ Karsh issue plus a block of four of the Sir Mackenzie Bowell Prime Minister series.

The various cancellations, way markings, rubber stamps and ink notations on the cover are tabulated on the next page. Ideally they should be in chronological sequence. Identification, clarification and explanations are solicited. Once information is complete or as complete as appears possible a final report will appear in this space.

<u>Front</u>	<u>Back</u>	<u>Explanation</u>
1		Entered mail system JAN 24 55 DUNDAS ONT. paying 25¢ air mail rate to Israel
	2	Sent by REV. W. H. DAW / DUNDAS, ONT.
	3	Back stamped " " Jerusalem 2 22 55
	4	In script "refused to accept" and initialed by postal person
	5	Purple rectangular box reads "
	6	Purple square box - not legible
7		Addressee marked out with four red lines
8		Opened for inspection? Form no. 1018 - (who & why)
9		Hand Sign - RETURNED TO SENDER in red
10		Hand Stamped "Retour a l'envoyeur" in red
11		In script "VIA AIR" in violet ink - Was added after Nos. 9 & 10 were applied
	12	Rubber stamp "UNDELIVERABLE MAIL OFFICE / BUREAU DES REBUTS / 8 3 1955 / No. 13 / MONTREAL CANADA in red
13		Stamped in red - UNDELIVERABLE MAIL OFFICE / BUREAU DES REBUTS / MONTREAL- CANADA and
14		Passed through meter machine "METER COMPIEUR P.8 140300" an canceled "MONTREAL / 8 3 55 / CANADA" - Meter value was set at "00"
	15	Hand sign - RETOURNEA / RETURN TO / DU DUE 5¢ in red
	16	Large red arc - to indicate address of sender - REV. DAW
	17	5 ¢ in Postage Due stamps affixed
	18	In red extending over both postage due stamps - "INSURED AGAINST LOSS ONLY"
	19	In large deep red letters - "RETURN TO"
20		Lower right - rubber stamp - heavy 8 in circle - black

Certainly the combined postal services fully earned the 30¢ paid by this cover.

PLANNING CALENDAR

This is a listing of major exhibitions and bourses with a large content of both Canadian Exhibits and Canadian Dealers. Minimum listing criteria: Two day event: 1000 page exhibition - 18 Dealer Bourse with 50% offering Canadian material. The Goal is to list events far in advance to encourage either exhibiting or attendance and preferably both.

1994

June 10-12, **OGOPEX, ROYAL '94**, Vernon, B. C., the Vernon Lodge
Information from: Okanagan Mainline Philatelic Society, #203 -
1139 Sutherland Avenue, Kelowna, B. C., Canada V1Y 5Y2

Sept. 29-30 & Oct. 1, **BNAPLEX '94**, Burlington, VT., the Radisson Hotel.
Exhibit Entry form from: William Fuller - Exhibit Chairman, 115
Cumberland Rd., Burlington, VT 05401

1995

June 2-4, **PIPEX '95**, VICTORIA, B. C., the Holiday Inn. Information
from: Don Shorting, Box 5164, Station B, Victoria, B. C. V8R 6N4

Sept. 8-10, **BNAPLEX '95** Edmonton, AB

SECTION II - WILDING (CON'T)

Effective 1 April 1954 International Surface Letter Rates (Excluding U. S. A. - Britain & Commonwealth - Republic of Ireland, Mexico - France - Central & South America - Spain) was increased to:

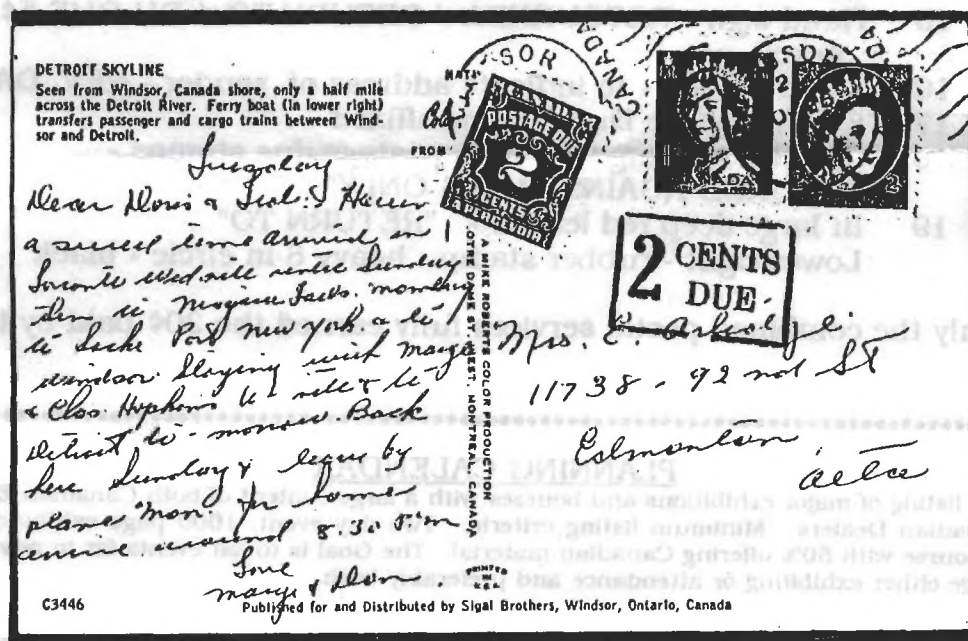

6¢ first .oz

4¢ each additional .oz

The rate was not again changed until 1 Jan. 1966.

The Wilding issue was released in 1954 and was not replaced until the Cameo issue in 1963. The orange 6¢ Wilding was clearly the value of choice for surface mailings to other than the countries identified above. Does anyone have proof of use of this stamp in period (1954-62) on a cover to a foreign destination? If so, please advise details to the Editor enclosing, if at all possible, a photocopy.

The 1954 rate change also increased the domestic post card rate from 3¢ to 4¢. Shown is an Oct. 26, 1954 card from Windsor, Ont. which was assessed 2¢ postage due - twice the deficiency.

One of our members, Major Jeffrey Scott Arndt, is interested in compiling a listing of the Wilding issues which would include all of the known varieties. The listing by Rick Penko in Vol. 2 No. 1 on page 15 is a good start as some 50 items are identified. In addition he (I just noticed in the Roster Jeffrey did not authorize releasing his address - most likely an oversight) is interested in listing any specialized material all designed to produce a final list that would serve as a check list against an exhibit of the Wilding material. Please, if you would like to participate in or contribute to this effort drop the Editor a line and I will see to it the address loop is closed.

SECTION III - CARICATURES & LANDSCAPES

Scott 593A - 10¢ red Queen Elizabeth II - High Fluorescence or Hibrite?

Pictured is the pair of 593A shown on page 67 of the Jan.-Feb. 1994 issue. With respect to whether the fluorescence of this issue is High or Hibrite the following were received:

Phil Kohl reports: I have one copy that displays significant fluorescence, mint with no gum. I compared this copy with my reference stamps under UV illumination. Its brightness appears to be identical to my reference copy of Scott #625 which is listed in one of my references (Gronbeck-Jones, as I recall) as high fluorescent. It is not as bright as my reference copy of Scott #468B which is listed in Scott and in my reference as Hibrite. Perforations are 13 by an estimated 13.2 or 13.3 (More than 13 and less than 13.5).

Bill Schoen reports: In mounting this series of definitives (593A) I used four qualities: dead, dull, LF & MF. The latter may well qualify as the HF although the best I would assign to it is M-HF. Comparing it with the other types of this denomination one could "reason" to describing it as the HB of this denomination without meeting the quality of the higher luminescence. My copies are so close I label them Perf. 13.

Dr. James Watt is involved in a major study of fluorescence using the Centennial definitive issues. Eventually they plan to publish the results of their study to be called the Timmins & Watt System based on their "Relative Fluorescence Scale". Briefly, the "System" is a simplification the Keane & Hughes Centennial work. Their readings are based on use of a fluorescent spectrophotometer and they have done some work with both pre and post Centennial issues. At my request Dr. Jim reports as follows: Preliminary work on 593A suggests it is a HB according to the standard reference established for the Centennials. Also doing some further checking. Perforations are 12.9 (top & bottom) and 13.1 (sides) using "old Instanta". Sides are always finer perfed than top & bottom and the reason for the often seen 13+ designation.

Evidence to date points to HB. I hope others will weight in with their findings. Or, is this stamp much scarcer than I have thought?

SECTION V - COMMEMORATIVES + (the value of a postal rate table)

A stamp commemorating John McCrae, author of "In Flanders Fields" was issued on Oct. 15, 1968 (Scott No. 487). During the recent visit in Calgary two covers were acquired which (potentially) make key additions to my one frame McCrae exhibit. The first is a pure commercial first day of use (canceled LANGLEY 3 PM 15 X 1968 B. C.) to Union Oil Company of Canada Limited, Calgary, Alta. The second, shown below, is an air mail to Germany (canceled CALGARY 8 PM 3 1 1969 ALBERTA).

On November 1, 1968, the Canada Post increased the first and third class letter rates and abolished the special reduced first class rate for local deliver. International air mail and surface mail rates were also increased. The new schedule also appears below:

FOR DELIVERY IN CANADA

FIRST CLASS	
Letters	6c first ounce 4c each additional ounce or fraction
Postcards	6c each

THIRD CLASS	
5c first 2 ounces	
3c each additional 2 ounces or fraction of 2 ounces	
Items exceeding the prescribed limits of size are subject to a surcharge of 75c.	

INTERNATIONAL RATES SURFACE MAIL

	Letters	Postcards
Great Britain and Northern Ireland and other places in the Commonwealth, Republic of Ireland, France, Spain, United States, its Territories and Possessions, and all other places in North, Central and South America and the West Indies.	6c first ounce 4c each ounce after	6c each
To all other countries.	12c first ounce 7c each ounce after	7c each

AIR MAIL

	Letters	Postcards
United States, its Territories and Possessions.	10c each ounce	10c each
Bermuda, Mexico, Central and South America and the West Indies, Great Britain and Northern Ireland, Republic of Ireland and Europe.	15c each half ounce	10c each

The problem is to properly rate the cover to Germany. Franked with 22¢ and a schedule showing the air mail rate to Europe to be 15¢ each half ounce the cover was either over rated by 7¢ or underpaid by 8¢ - both seem a bit unlikely scenarios. Could it have been that the postal person, still working with a relatively new rate schedule, took a quick glance and noted the 7¢ each ounce after the first ounce in the surface mail to all other countries section and came up with the 22¢ rate. I would appreciate hearing from anyone able to shed further light on the rate.

Also, in this weeks mail a third McCrae cover (canceled HOUSTON 30 XI 69 B. C.) franked with a pair @ 10¢ paying the 6¢ first class rate plus 4¢ for an additional ounce or fraction thereof. Three great covers in less than a week - more than normally found in a year or more.

SECTION VI - 1982-87 DEFINITIVES - ARTIFACTS & NATIONAL PARKS
(Includes the maple leaf and parliament sheet, booklet & coil stamps)

32¢ Coil Varieties

Last information I have was three rolls were found with each containing six (6) pairs of the 32¢ maple leaf imperf (Scott #9511). Now look at the next pair. I hope you did a double take as I did. This pair was part of a lot I recently acquired of "extra perforation lines and double perforations." After a quick look at the other "extra perforation" items I have it was obvious I had none like this one - the start of a triple perf. In fact I had never seen one or for that matter heard of one. This prompted a letter to John Jamieson:

"I would appreciate your thoughts on this item. Could this be the start of a triple perforation? If not, is it just a random extra perforation line, someone having fun or what? And, if it is a triple perforation is it especially scarce?"

John responded with criteria to check out the authenticity (which seem to check); added he had never seen a triple and indicated if genuine it would be a good one. It is being shipped off for further evaluation and possible certificate. When received, the verdict will be reported.

In the mean time do any of our members have anything like this on this issue or any other coil issue? For that matter, a triple on any issue? If so, please, send a photocopy to be published in a future issue.

SECTION VIII - Summary Of Canadian Definitive Stamps•

From

Dec. 1987 To Present - Revision B

By

John G. Schmidt••

- Includes: Edible Berries Definitives
Fruit Trees Definitives
Flag Definitives 38¢ - 43¢
Queen Elizabeth II Definitives 37¢ - 43¢

•• Finally, a bit of background on John G. Schmidt. An engineer, with a working career with Grumman Aircraft and Boeing Aircraft, John retired in 1990 and moved to Ft. Collins, Colorado. (To hear John tell it - God's country). He started collecting Canada in 1973. Joined both BNAPS and RPSC in 1975. Published his first article in the Canadian Philatelist in 1978 and has continued to publish both in BNA Topics and Canadian Philatelist. Most recently he has taken on the job of producing the new BNA Topics - a super undertaking with outstanding results. "Jack" may be reached at: 2649 Shadow Ct., Fort Collins, CO 80525 - 2434.

One of the reasons for this listing is to cover some of the current changes, now that Ashton-Potter Limited is no longer in the picture. As an example, 49¢ Delicious Apple is now being printed by Canadian Bank Note Co. on Harrison paper. Notice also the booklet stamps now have a different perforation. One last item, field stock booklets are now available but without the inscription and color dots. (I spent some time trying to figure out what Unitrade meant by "TI" after their listing of booklets. Figured it to mean "Tab Inscription".)

Explanation of table contents:

♦ Under the column entitled "Value" -

♦ The denomination of the stamp along with its subject.

♦ Where possible, Scott's numbers are listed from the "Unitrade Specialized Catalogue of Canadian Stamps", 1994 edition.

♦ Booklet panes are also listed along with Booklet numbers in the "Notes" column.

♦ Under the column entitled "Perforations" -

♦ I have used the formula $G = 20N/W$ in which G = Gauge, N = Number of teeth along the edge of the stamp, and W = Width (or Height) of the stamps in millimeters. The width and height dimensions were taken from stamp details supplied by Canada Post in their various publications. The number of teeth were counted. Gauge numbers were rounded to the nearest tenth.

♦ The number of teeth are given in straight brackets "[]" and stamp design dimensions are given in curly brackets "{ }".

♦ Under the column entitled "Paper" -

S = Slater	P = Peterborough
R = Rolland	C/P = Coated Papers
H = Harrison	C/F = Coated/Fasson
	S/F = Slater/Fasson

♦ Under the column entitled "Printer" -

APL = Ashton-Potter Limited
CBN = Canadian Bank Note Co.
BABN = British American Bank Note Co.
L-M = Leigh-Mardon Pty. Limited

♦ I have also indicated the existence of inscription blocks "[Insp]" (Philatelic Stock) or blank corner blank corner blocks "[Blk]" (Field Stock).

♦ Under the column entitled "Tagging", I have indicated the tagging of the stamps.

Berries & Fruit Trees						
Value	Perforations	Paper	Printer	Tagging	Notes	
1¢ Blueberry (1349)	13.1[17] x 13.6[15] {26mm} {22mm}	C/P	APL[Insp]	None

Notes:

#1 - Original issue has two stamps on the front cover and "Special Letter" on the back cover. Reprinted issue has three stamps on the front cover and "Xpresspost" on the back cover.

#2 - Original issue has three stamps on the front cover and "Come Discover Canada's Stamps" on the back cover. Reprinted issue has four stamps on the front cover and "Travel with the Bluenose" on the back cover.

Shown on the next page is a photocopy of a major error on the 43¢ flag booklet. It is a miscut pane imperf horizontally from booklet BK154. Only three booklets have been reported. The error is pictured at the top of the page and the lower photocopy provides an explanation of the cause of the error.

SECTION VIII - ALL OTHER (CONT')

MAJOR ERROR - 43¢ FLAG DEFINITIVE BOOKLET - SCOTT # 1360D

Shown courtesy of Saskatoon Stamp Centre
(See note bottom page 91)

The ERROR booklet should have been guillotined, using the wider setting, into pane of 25.
by error, it was trimmed using the narrow guillotine setting of the 10 stamp pane.

Normal Booklets
